Forecast For Scotland
Issued by Met Office Aberdeen
at 0400 on Friday 09 Jul 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Rather cloudy and mainly dry on Friday, showers in east.

Today:
Mostly cloudy and mainly dry. A few showers in the east, locally heavy in the afternoon. Some patchy haar in the northeast and Shetland. Light winds, and quite warm and humid in the south and west especially where it brightens.

Tonight:
Central and northern areas staying cloudy, with haar along the east coast edging inland. Also some showers which could be locally heavy. Clear spells in the south.

Saturday:
Still some showers in northeast and scattered thundery showers breaking out elsewhere by afternoon, but southwestern coasts staying sunny. A warm day, away from misty northeast coasts,.

Outlook for Sunday to Tuesday:
Sunshine and scattered heavy thundery showers on Sunday and Monday. Fewer showers on Tuersday. Haar will affect the east coast at times. Quite warm in the sunnier spells.
